

Spider Web

All levels cut and paste!! Limited number of spaces so hurry!!! Create a 36" wall hanging that will be a focal point at Halloween.

Materials:

- ❖ Black thread
- ❖ Fabric; multiple selection of Halloween fabric. The more variety the better. Include fabric that has a large motif for outer bands and smaller prints as you go toward the center. Bring fabric to trade with your fellow cut and pasters. I used fabric only once in mine but I collect Halloween fabric. There are 52 spaces to fill. Trading and sharing are good ideas!!! See note.
- ❖ 2-3 yds. Light weight Wonder Under
- ❖ 1 spool of Clover Quick Bias (black)
- ❖ 1 pkg. of Wright's double fold ¼" black bias tape
- ❖ black ribbon to hang the web
- ❖ Spiders!!!!!!
- ❖ Pattern comes from me.

Supplies:

- ❖ Sewing machine. Will not be needed during workshop.
- ❖ Paper scissors that cut fabric
- ❖ Weights to hold down the pattern
- ❖ Schmetz 4,0/80 Universal Twin Needle (130/705 H ZWI). Optional. Some machines are not set to use these.
- ❖ Sharp pencil
- ❖ Ruler or straight edge

Note: I will be bringing a large bin filled with Halloween fabric. If you use some of this fabric please put some back in. This lets me continue with future workshops providing a wide variety of prints.
